**Subject:** TRIM: RE: Three Nooks Farm (ref.  
David

Further to your query , please find below information pertaining to the existing and new barn structures. I have provided total floor areas and volumes for each structure, as the dimensions differ due to the sloping ground and varying levels at the farm.

### Existing Barn

Floor Area: 705m2  
Volume: 3090m3

### Proposed Barn

Floor Area: 852m2  
Volume: 5634m3

The proposed barn will be split to meet both the applicant's and farmer's requirements. The volume includes the airspace within the apex roof, and breaks out as follows.

### Agricultural Use

Floor Area: 590m2  
Volume: 4210m3

### Energy Use

Floor Area: 262m2  
Volume: 1424m3

Kind regards

### Jamie Gleave
