Subject: RE: Three Nooks Farm - SM.12/06/161 M
Attachments: Figure 15a Monitoring & Receptor Locations.pdf; SM.12-06.161M - Planning Statement [Noise Addendum] (18-09-12).doc

David

In response to the specific queries regarding the noise assessment, please find attached an addendum chapter which replaces that reported in the submitted Planning Statement.

The addendum has been prepared in response to queries regarding the selection of representative properties in the area surrounding Three Nooks Farm. Accordingly, we have now brought Croft Meadows Farm into the scope of the assessment as a specific receptor, and have re-ran the noise model to predict the noise impact at this property from the Phase 2 proposals.

Also attached is an amended plan (Figure 15a) depicting this additional receptor; this supersedes that previously submitted. We have also taken the opportunity to correct the minor error identified last week which incorrectly referenced Sprinks Farm as Croft Meadows Farm in several of the tables.

We trust this meets your requirements; however please do not hesitate to contact me should you have any queries.

Kind regards

Jamie Gleave
